RAJALA

The name Rajala entered the family when Ida Rajala married Richard Isaac Acey on June 24, 1914 in Peabody¹. Unfortunately, little is known of Ida because she died in the Influenza epidemic of 1918². See Appendix A (NOT INCLUDED) for more on that pandemic.

The original of the photo to the left has been lost though the author had scanned the image into the computer many years ago! Obviously, this was a formal portrait of Ida. The author's favorite photo is the one below showing Ida (with her hair loose) and her son Richard. This was probably taken shortly before her death. The original photo (again lost) was in horrible shape and this is the best reconstruction could achieve!

SOINI FINLAND

Ida was born 22 January 1886 in Soini (see general write-up on Finland for more info on Soini). From information requested in 1989 from the Finnish Church (date convention is day.month.year) we know:

Anders Andersin Rajala, born 09.02.1851, place unknown, died 09.09.1921

Spouse Anna Lena Matin Heimari, born 16.02.1852, place unknown, died 17.02.1901, married 30.10.1876

Had the following children:

1. Maria Wilhelmiina born 13.05.1879 Soini, Died 02.06.1953
2. Lydi Johanna born 27.03.1882 Soini, died 02.07.1882
3. Hilda Karolina born 30.05.1883 Soini, died 08.08.1951 (goes on to discuss marriage, children, ...)
4. Ida Eliina born 22.01.1886 Soini, went to Amerikka

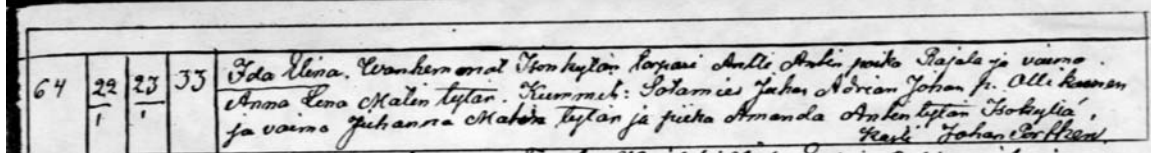

¹ Official Marriage Certificate from Commonwealth of Massachusetts. Select particulars are: Ida Eleanor Rajala, Peabody Massachusetts, Twenty-six, Domestic, Birthplace = Finland, Father's Name = Andrew Rajala, Mother's Maiden Name = Anna Heimari & Allen Greene, Clergyman ... from his name we know that he was not affiliated with St. John's Lutheran Church

² Official Death Certificate from Commonwealth of Massachusetts. Particulars are: Ida E. Acey, Date of Death = October 14, 1918, Age = 33 years, Disease or cause of death = Bronchopneumonia. Influenza, Residence = Crest Ave, Salem, Massachusetts, Place of Death = Emergency Hospital, etc...

Access to microfilms of the original Soini birth registers³ allowed the author to research further into the family. Some spot checks were done on records referenced in the information received from Finland. The records for some of Ida's siblings are ...

1. Maria Wilhelmina ... birth date of 13.06.1879 (not 13.05.1879), Father listed as Rajala Torpainen Anders Andersson, Mother listed as hustru Anna Lena Mattsdotter. Other names mentioned are Gustaf Adolf Makela and his hustru (wife) Fredrika Johans dotter and Kriestian Andersson Isokylen and sister Amanda (some overlap with what's listed for Ida)
2. Lydia Johanna ... birth date of 27.03.1882, Father listed as Torpainen Anders Andersson Rajala, Mother listed as hustru Anna Lena Mattsdotter. Other names mentioned are Karl Johansson Allikainen and wife Johanna Andersdotter and Walenden Johansson Allikainen
3. Hilda Karolina ... birth date of 30.5.1883, Father listed as Rajala Torpainen Anders Andersson and wife Anna Lena Mattsdotter. Other names mentioned are Anders Davidsson Isokytta and wife Greta Lovisa Mattsdotter and Kristian Andersson Isokytta and Karolina Karlsdotter Wokkuri

Also, found the entry for the marriage of Ida's parents (reproduced below)

Also, found the entry for Ida's mom, Anna Helena, though it appears her birth date was August 16, not Feb 16 (see also #2 on page 3 for the earlier research done).

Working with the original information from Finland, it was recently possible to do further research using resources available via the www.⁴ Researched was:

1. Ida's father: the following is a possible candidate. The birth date matches given information.

Unfortunately, a surname of Rajala doesn't match any listed birth/baptism entries for a son Anders in 1851 anywhere in Finland! Surnames versus patronymics were not in common usage at the time.

Though it would be possible to continue pursuing these lines, the author stopped here. As far as more recent information, it's not possible to get any more recent information from the web-site as the data only covers up to 1860 for Soini.

2. Ida's mother (matches entry above subsequently found looking at microfilmed records): this has been a challenge since the name Heimari matches no children born/baptized in Soini. So, the next path was to look for the use of the name at all. It was found for the following two deaths/burials (in Soini).

With a Matts Heimari this could be Anna Lena's father!

1858	29.9	8.10	s. Karl Gust.	rödsot	8 10 15 (years months days)
			relative: try. Matts Heimari		
1860	18.8	26.8	try.g. Matts Heimari	magflen	44 5 5

So, let's research the birth of Karl Gust c. 1849-1850. Aha! Searching on Karl, we get Heimari ... it's the house name!!

1849	14.11	18.11	Heimari	Inh: Matts Mattss: Wilhelmina Adamsdr 30-35	Carl Gustaf
------	-------	-------	---------	---	-------------

Also, this entry has a mother of Wilhelmina (guess the middle name of the oldest daughter!). Researching on this family, gives the following additional children:

1842	4.12	5.12	Pöndinen	Drg Matts Mattss: Wilh:na Adamsdr 25-30	Timotheus
1844	9.8	11.8	Herm:	Try: Matts Mattss: Vilhelm: Adamsdr 25-30	Maria
1847	15.7	18.7	Niemi	Try: Matts Mattss: Helmeri ! Vilhelm: Adamsdr 30-35	Matthias
1852	16.8	22.8	Heimari	Backst: Matts Mattss: Wilh:na Adamsdr 30-35	Anna Helena
1856	27.6	29.6	Kaunungs ä by Niemi	Try: Matts Mattss: Heimo Wilhelmina Adamsdr 41.	Johanna

Maybe, for Anna Lena, instead of 16.2.1852, it should have been 16.8.1852 ... A father of Matts, a mother Wilhemina, a birth date in 1852, a farm name of Heimari, a sister Johanna (another daughter had this as a middle name), a brother Carl Gustaf (a son Kaarle Aukusti), all point to a likelihood of this being the correct family!

The marriage that goes with this family is:

2.10.1842	drg. Matts Mattss. Pöndinen	Wilh. Adamsdr.	Sauramäki
-----------	-----------------------------	----------------	-----------

Obviously, Wilhemina is a not too common name so some tracking back could be done

1816	20.6	28.6	Sauramäki	bd. Adam Matss.	Sara Matsdr.	Wilhelmina
------	------	------	-----------	-----------------	--------------	------------

The name, locale and father's name are all consistent. Looking for siblings gives:

CONFIRMATION & MOVEMENT

Records

Records became available for Soini covering some of the other types of records kept by the Church. One "book" of interest is the Rippilayset (1849-1910)⁵, Confirmation Records, and another "book" is the Muuttaneet (1859-1909)⁶, Movement Records. The author held such hope for these records and issues of language certainly made examining these records challenging!

A research guide states "A person's confirmation, or first communion, generally took place between the ages of 14 and 16.

Most parishes kept confirmation records, the earliest dating from the mid 1700s. The records frequently list boys and girls separately by villages or residences, giving their names and birth dates or ages." Also that "In the 1800s parishes began using special arrival and removal records [sisään- ja ulosmuuttaneet; seurakuntaan ja seurakunnasta muuttaneet/in- och utflyttningslängder]. These records, which are frequently essential to family history research, chronologically list the people who moved into or out of the parish. The records give the following information about a person: Name, Occupation, Parish moved to or from, and

previous or subsequent residence in the parish. In more recent records, the residence is indicated by the page number in the communion book."⁷

There were some pertinent entries found and these are:

- Here is Ida's father's Confirmation Record (last entry). He was confirmed in 1866. The left column (By) refers to the village, then there's a number of unknown importance, the persons name, birth date, and then several unidentified columns referring to being confirmed.

The movement records have been more of a challenge. It helps to understand the naming convention for months. Looking at the records for 1907, since we know that Ida emigrated by May, we see that on 19 April, a name is listed that is an approximation of Ida's name. Though, Amalia Pontinen (Ida's traveling companion) is not listed! I suspect that Muttia (in this entry) could be a variant of muuttanut which means emigrated. We do have to watch this entry also because there is a surname Ojala so it may not be a bad transcription of Rajala!
